

Space Supply Chain Council (S2C2)

WHO WE ARE

The Commercial Space Federation (CSF) is the leading trade association representing the commercial space industry in Washington, D.C. CSF serves as the industry’s voice to the Executive and Legislative Branches of government, advocating for policies that support growth and innovation, and engaging with the media to promote the value of commercial space.

CSF GOVERNING COUNCILS

- Launch & Reentry Council (LRC)
- Commercial LEO Council (CLC)
- Spaceports and Infrastructure Council (SIC)
- Satellite Operator/SSA Council (SSC)
- Space Exploration Council (SEC)
- Remote Sensing Council (RSC)
- [NEW – Space Supply Chain Council \(S2C2\)](#)

WHAT WE DO

- Monthly strategy calls
- Two in-person gatherings per year
- Exclusive briefings with policymakers
- Peer networking and collaboration
- Introduction to commercial space primes

WHY S2C2 EXISTS

The Space Supply Chain Council (S2C2) brings together senior executives from across the U.S. commercial space supply chain—leaders in logistics, manufacturing, materials, software, propulsion, and integration.

WHAT PEOPLE ARE SAYING

“Stratasys chose to join the CSF due to alignment of Stratasys’ comprehensive capabilities with the CSF and S2C2 mission. Joining S2C2 deepens our integration into the space ecosystem and reinforces our commitment to supporting leadership in space innovation.”

Conrad Smith, Stratasys

"Joining CSF is a natural fit for us—we're deeply involved in the logistics that power commercial space. It's how we stay sharp, connected, and ready to solve the next big challenge." *Kirby Kinda, National Air Cargo*

MEMBERSHIP

SPACE SUPPLY CHAIN CATEGORIES
